

## Chester Golf Club - Golfing Guidelines

- Limit of 8 **users** per day on weekdays and at weekends subject to availability. On certain days Captain's Day, Lady Captain's Day and Club Championships, the course will not be available for general play or general play will be restricted. Refer to the office / club professional for more guidance in this regard.
- **The corporate membership and associated benefits are strictly for users only.** Users are entitled to sign in guests at a discount rate of £20.00 pp for week- days, £20.00 pp for weekends. Guests will not count towards the daily allowance of slots. At least one member must accompany guests and a maximum of 3 guests per 4-ball tee booking is permitted.
- Members can play in pairs, 3 balls or 4 balls or with guests as above – total combination must not exceed 8 users on any day. A maximum of 4 tee times can be used in any one day. No individual play is permitted.
- Tee times must be officially booked with the Club professional (Paul Hodgson) on 01244 677760 (Option 3) and then logged onto the University Association booking system (see booking guidelines).
- Full details **MUST** be entered onto the Staff Association booking system including **ALL** names of users and guests playing each tee slot including time and date of booking made. Please follow booking guidelines correctly once they are issued. The Committee will monitor bookings. Irregularities and unfair usage will be investigated.
- On arrival at the course, the lead member will be presented with a membership ticket for that day – this ticket is to be retained and used, if applicable, to gain a discount on drinks purchased in the bar. Members will also be provided with a door code to allow access to the club house / facilities. Members will need to show photographic proof of identification every time they play.
- If you cannot attend your time, inform the club and cancel your slot from the University booking system before it approaches. This allows other people a chance to play.
- Advanced booking will increase the chances of 'slots' being available. We can book up to 14 days in advance. However, please do not block book.
- Please appreciate that there will be great interest initially from the whole membership and thus we ask for an element of considered usage especially at weekends.
- Users can check availability up to and including the day required.
- Buggies can be hired at a discounted price of £20
- Usual golf course dress code and etiquette rules apply. Details for clarification can be supplied by the Professional
- For latest information on course conditions, closures etc, please follow us on Twitter @golf\_chester. Please remember that this is a corporate membership and you are representing the University. The Staff Association has the right to cancel an individual's membership should it be deemed necessary.
